Planning for Critical Church Security Concerns

7:15 - 8:30 pm BREAKOUT SESSIONS

- **Diagnosing Security Issues Around Your Church Campus**

Leader: Matt Bost, Facilities Manager Providence Baptist Church

Description: We will discuss the mission of Church Security and how it is accomplished along with supporting statistical data. Also, we will go over Safety and Security Risk Assessments, Physical Security Checklists and suggestions for an overview of Personnel Security Preparedness which will include behavior pattern recognition.

- **Advantages of Informing and Educating the Congregation about Security**

Leader: Glenn Weaver & David Bailey, Triangle Security Consultants

Description: We have decided our church needs a Safety and Security Team. What is our next step? We have never done this and we need guidance so what resources are available? Being a small church with a limited budget, what can we do? We'll guide you with easy to understand, step-by-step instructions. This approach is geared for small to mid-size churches though the principles are the same regardless of size.

- **Why Every Church Needs A Personalized Safety and Security Plan**

Leader: Phillip Sutton, Special Agent Wake County Sheriff's Department

Description: How churches can provide reasonable measures of safety to confront various threats and emergencies which may occur during the hours of worship. We'll explore how to have open lines of communication and community outreach while attempting to ensure a safe and welcoming environment for all individuals eager to worship.
